

Application for Veolia Water Industry Apprentice Position

Applications close 18th of October 2019 and are to be submitted to Thames High School Office marked attention Veolia, Apprentice Position Application.

The successful applicant will be based in Thames and be expected to commence in January 2020 (date to be agreed) and be involved in all aspects of Three Waters service provision. This includes reticulation and treatment plant operations and maintenance and associated construction across the Thames Coromandel District. The person will complete industry related training at Veolia's expense. Opportunities exist for relocation to other Veolia NZ locations if required

At a date to be advised Veolia employees recruited through this programme will visit Thames High and provide a question and answer session about their experiences.
