

Kia kōtahi ai te piki ake, kia ikeike rawa ki te taumata
We grow together to achieve one's true potential

Year 9 Stationery – 2021

Pens – Black, Blue and Green or Red
Pencils (HB)
Eraser
Ruler
Gluestick
10 x 1B5 books (or similar)
2 x 1E5 Maths books
Digital Device – highly recommended
Useful – felt pens and coloured pencils

The minimum specification for devices:

- We recommend Chromebooks for Year 9 and 10
- 10"screen (bigger is better)
- 4gb RAM and Minimum dual core processor
- At least 5 hours of battery power from full charge (due to limited charging at school)
- Internet capable (Wi-Fi connectivity – 801.11N/ac preferred)

***The school has a number of lockable lockers with charging ability.
Students need their own charger and padlock.***

Strongly recommended features:

- Keyboard
- Mouse
- Durable bag/cover for protection.

While smartphones are wonderful for personal entertainment, social communication and short internet searches; the size of the screen makes them unsuitable as a serious tool for learning. The ability to work on and complete lengthy documents is very limited.
