Students who have umpired/refereed at Waikato and or higher level will be considered.

The Executive committee of the sports committee will consider the achievement of any senior pupil in the sport.

The relative size of the sport will be considered.

The achievement of the pupil in a given sport is the prime concern.

The standard of achievement in the current year and not the performance over a number of years.

The standard of performance is to be measured against that which would be regarded as OUTSTANDING at the senior college level in the sport.

If the senior team level at Thames High School in any given year is poor then an individual's performance must be considered against the standard of a good senior college team i.e. a person in a poorly performed team may qualify.

Code benchmarks are to be considered as a guide for nominations and will not necessarily have influence in the allocation of an award.

The Executive committee of the sports committee will have sole responsibility for deciding the recipients.
